What are the benefits of using Edsby?

Edsby is a great way to support your child at school. Edsby pulls together information about each of your children and presents it in a clear, easy-to-understand format. Parents are an important part of the school's family. For each of your children – even if they go to different schools – you'll see all their teachers and classes. Some teachers will assign work through Edsby and if they do, you will be able to see academic progress, upcoming assessments, and current assessments. Each child has a calendar that will display tests and events from their classes and groups, if the teachers are entering the information. Parents may also see what teachers are posting in a class to support their child.

What do I do if I forget my password? Where do I get help or support on how to use Edsby?

On the Edsby login screen, there is a link for Can't Log In. Click on this and enter your email address that you used when you registered for Edsby. An email will be sent with instructions to follow. For more help with forgotten passwords: <https://tinyurl.com/2p9336exd>
